School Website

Demo Website: *https://school-demo.cloudpepper.site*

A professionally designed website improves your school's online presence, making it easier for students, parents, and staff to access important information and updates. It enhances credibility and communication with the community.
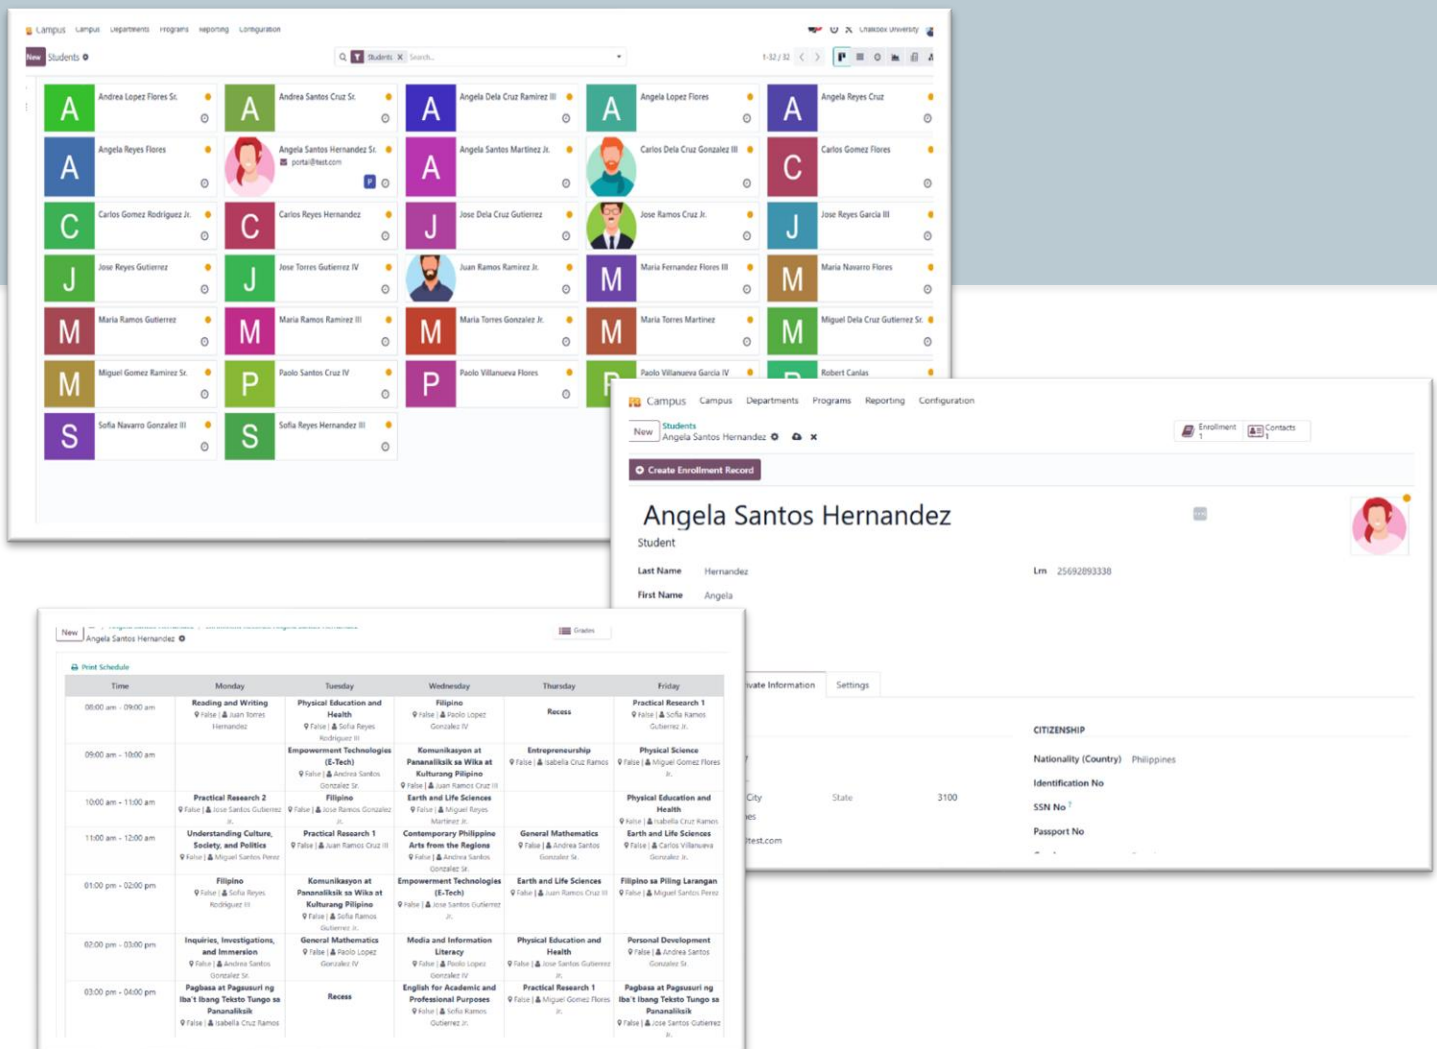

- **Homepage** – Welcomes visitors with an engaging layout.

- **School Mission and Vision** – Clearly presents your institution's core values.

- **About Your School / History** – Shares your school's background and achievements.

- **News / Publications / Blogs / Events** – Keeps everyone informed about the latest updates.

- **Forum** – Encourages discussions among students, teachers, and parents.

- **Contact Us** – Provides an easy way for stakeholders to reach the school.

Student and Staff Management

Simplifies the management of student and staff records, making data easily accessible and reducing administrative workload. This system ensures smooth operations within the school.

- **Student Records** – Maintains detailed academic and personal records securely.

- **Staff Records** – Organizes teacher and employee profiles efficiently**.**

- **Schedules –** Helps plan and manage class schedules effortlessly.

- **Grades Encoding –** Automates grade input, reducing manual errors and delays.

- **Student Dashboard –** Provides students with an interactive portal for their academic progress.

Payments and Invoicing

Streamline school finances with an efficient invoicing system that automates payments and tracking.

- **Automated Billing** – Generate and send invoices with ease.

- **Payment & Invoice Tracking** – Monitor payments and outstanding balances in real-time.

- **Student Portal** – Monitors Invoices thru student portal.

Attendance Monitoring and Notification

Enhances student safety and accountability by automating attendance tracking with real-time notifications for parents and administrators via SMS and email.
